

LEITMOTIF

For Personal and Group Development

Reverence earmarks our lives

Reverence for co-existence, Reverence for individual creativity
Reverence for love that lasts from life to life and planet to planet
Reverence for harmony, and Reverence for peace that outshines the Sun

We affirm there be

No major violation of the common moral code of the cultures
No violation of the commonly accepted good
Unwavering abstinence from attempting to control the life-stream of any individual

Attain the level of development that is without destruction, argument and quarreling
And embraces the beautiful and colorful diversity of the world and its peoples

Visualize an entire planet of people without those qualities
That you excuse and overlook in yourself by calling them "human nature"
These qualities must be forgiven by you, within you, and among you

Unfolding the Truth means

Developing the courage to change old belief systems and behavior patterns
that provide false refuge
And developing the strength to look at and release the residues from past tragedies and traumas

Our Unity is

Our love for life, Our love for love, Our love for peace, Our love for God
And our love for the magnificent beings we call the Ascended Masters
Who demonstrate all of these qualities Infinitely and Eternally

Develop and demonstrate these qualities within your nature
You will be heartily tested to discover if your development is real
Through this process you will free yourself and your planet of karma

Contemplate these things often

To expand in your understanding and behavior
The Eternal Verities of JUSTICE, GOODNESS, and BEAUTY

You will unite with Universal Consciousness And discover the Divinity within your nature
